We, the NCBM' 19 Conference team heart fully thank you for giving your eminent presence in the Conference as a judge on 8th February 2019. We also spread out our over whelming Gratitude towards you for bringing your dynamic exposition to our budding student minds. Though the Conference gathering comprised of a multi-disciplinary group of Students, Scholars, Faculties and Scientists, your speech served us the thirst of knowledge to Excellency. Technology has made it easier for students to learn with devices new, but nothing can come close to the experience of being taught by an inspirational teacher like you. The research experiences you had shared with us had paved new way to explore in new routes of research.
